

Metal Mate 40 x 25 x 1.6mm x 1m Silver Aluminium Unequal Angle

METAL DIMENSIONS

Description

Metal Mate 40 x 25 x 1.6mm x 1m Silver Aluminium Unequal Angle is designed for applications requiring reliable, precision-engineered components. This L-shaped element, constructed from durable aluminium, provides robust structural support and lightweight handling. It is suited for tasks that demand technical accuracy and effective assembly in projects where consistent performance and precise alignment are essential, making it a valuable component for professionals managing various practical and maintenance-friendly installations.

Features

- L-shaped configuration with unequal angles
- Constructed from lightweight aluminium for reliable stability
- Silver finish offers robust corrosion resistance
- Metal Mate quality ensures dependable performance
- Standard 1m length simplifies measurement and installation
- Compact design facilitates precise assembly in constrained areas
- Engineered for accurate joining of structural components
- Versatile design supports multiple assembly methods

Product Code: 6257

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.6
Product Height (mm)	40
Product Width (mm)	25
Product Length (mm)	1000
