

Metal Mate 50 x 25 x 1.6mm x 1m Aluminium Unequal Angle

METAL DIMENSIONS

Description

Metal Mate 50 x 25 x 1.6mm x 1m Aluminium Unequal Angle is an L-shaped profile crafted from aluminium with a silver finish. It provides a reliable solution for applications such as supporting frameworks and facilitating component alignment. Its design allows for precise assembly and stable construction, offering practical advantages to industrial and trade professionals. The product caters to projects that require strong, lightweight materials for custom fabrication and structural frameworks.

Features

- Built from sturdy aluminium for lasting performance
- L-shaped design offers precise, angled support options
- Refined silver finish provides a clean, modern look
- Dimensions measure 50 x 25 x 1.6mm with 1m length
- Engineered for precise fit in varied structural applications
- Manufactured by Metal Mate with a focus on quality
- Robust construction provides dependable strength and support
- Designed for precise fabrication and accurate assembly

Product Code: 6265

General

Product Type Unequal Angles

Appearance
