

Metal Mate 20 x 12 x 1.4mm x 1m

Black Aluminium Unequal Angle

METAL DIMENSIONS

Description

Metal Mate 20 x 12 x 1.4mm x 1m Black Aluminium Unequal Angle is a robust L-shaped component designed for precise assemblies in construction and maintenance projects. Its aluminium structure ensures durability and lightness, while the black finish provides a professional look. The unequal angle profile offers technical advantages in framing and support applications, ensuring stability and accuracy in various practical industrial and trade settings.

Features

- Engineered with precise 20 x 12 x 1.4mm dimensions
- Constructed from high quality aluminium for durability
- L-shaped unequal angle design for versatile joint support
- Sleek black finish enhances appearance and reduces glare
- Robust profile retains strength under demanding conditions
- Engineered for precise alignment and secure fastening
- Designed for easy integration with standard building components
- Uniform finish maintains professional appearance on all surfaces

Product Code: 6267

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.4
Product Height (mm)	20
Product Width (mm)	12
Product Length (mm)	1000
