

Description

Metal Mate 32 x 20 x 1.4mm x 1m White Aluminium Unequal Angle is a precision-engineered white, aluminium, L-shaped component designed for practical use in trade applications. Its robust construction and sleek design enable reliable support and accurate alignment in various assembly tasks. Built for efficient performance and ease of installation, it offers trade professionals a dependable solution for achieving consistent, high-quality structural outcomes.

Features

- White aluminium construction delivers robust and lightweight structural support
- L shaped unequal angle design provides precise alignment in assemblies
- Engineered from high quality aluminium for durable performance
- Precise dimensions offer consistent alignment in complex frameworks
- White finish offers a modern look and improved corrosion resistance
- Versatile design integrates easily into structural and architectural projects
- Simple installation enables accurate and repeatable configurations
- Reliable performance meets practical needs with unobtrusive aesthetics

Product Code: 6268

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour White

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 32

Product Width (mm) 20

Product Length (mm) 1000
