

Metal Mate 40 x 25 x 1.6mm x 1m White Aluminium Unequal Angle

METAL DIMENSIONS

Description

Metal Mate 40 x 25 x 1.6mm x 1m White Aluminium Unequal Angle is a precision-fabricated L-shaped component made from white aluminium. It provides reliable performance and dimensional accuracy for applications that require effective structural support and precise alignment. The product is designed for professional fabrication, assembly, and construction tasks, assisting trade professionals with robust and efficient installations in various technical projects.

Features

- Crafted from high-quality aluminium for dependable performance
- Unequal angle design supports varied construction configurations
- L shaped profile offers enhanced structural stability
- Consistent white finish delivers a clean professional look
- 40 x 25 x 1.6mm profile dimensions support exact fabrication
- Metal Mate quality ensures trust in every component
- Suitable for precise assembly tasks with secure joint connections
- Professional design benefits infrastructure requiring reliable support

Product Code: 6273

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour White

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.6
Product Height (mm)	40
Product Width (mm)	25
Product Length (mm)	1000
