

Metal Mate 40 x 25 x 1.6mm x 1m

Black Aluminium Unequal Angle

METAL DIMENSIONS

Description

Metal Mate 40 x 25 x 1.6mm x 1m Black Aluminium Unequal Angle is an aluminium fabricated L-shaped component engineered using unequal angles and finished in black. It is designed to provide precise structural support and reliable reinforcements for various trade applications. Its accurate dimensions and durable build offer practical benefits for incorporating in assembly and fabrication tasks while ensuring consistency and ease of integration into a range of mechanical setups.

Features

- Light aluminium construction for strength and reduced weight
- Unequal angle design offers flexibility in mounting options
- Precise L-shaped geometry ensures accurate alignment
- Neat black finish provides a professional appearance
- 40 x 25 x 1.6mm cross-section, 1m overall length
- Engineered for consistent performance in structural applications
- Corrosion-resistant finish improves durability over time
- Designed to integrate with other Metal Mate products

Product Code: 6274

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.6
Product Height (mm)	40
Product Width (mm)	25
Product Length (mm)	1000
