

Description

Metal Mate 20 x 20 x 1.5mm x 3m Silver Aluminium Equal Angle is a precision component designed to deliver reliable performance in metalwork and fabrication applications. Its L-shaped design supports efficient joining and accurate alignment during assembly. Constructed from high-quality silver aluminium, it offers consistent strength and clarity of measurement. This component is ideally suited for trade professionals who require dependable and technically engineered elements for their workshop projects.

Features

- 20 x 20 profile with 1.5mm wall thickness
- 3 metre length optimised for extended applications
- Precision equal angles for reliable load support
- Smooth silver finish enhances appearance and corrosion resistance
- Engineered aluminium construction for lightweight strength
- L shaped design with balanced symmetry
- Uniform profile dimensions for precision in fabrication
- Compatible with standard joining methods and fixtures

Product Code: 6502

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.5

Product Height (mm) 20

Product Width (mm) 20

Product Length (mm) 3000
