

Description

Metal Mate 25 x 25 x 3mm x 3m Aluminium Equal Angle is a precision-engineered L-shaped profile designed for effective construction and fabrication applications. Manufactured in aluminium with a silver finish, it provides reliable structural support and dimensional accuracy. Its robust design and resistance to corrosion offer practical benefits, ensuring consistent performance during assembly and repair tasks. Trade professionals can utilise this product to enhance the stability and longevity of their frameworks.

Features

- Aluminium construction offers reliable strength and durability
- L shaped design provides versatile installation options
- 25 x 25 x 3mm cross section provides secure fit
- 3 metre lengths offer flexible design solutions
- Silver finish delivers clean modern aesthetic
- Equal angle profile supports load distribution
- Compatible with standard joining techniques
- Engineered for precision and reliable performance

Product Code: 6505

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	3
Product Height (mm)	25
Product Width (mm)	25
Product Length (mm)	3000
