

Description

Metal Mate 50 x 50 x 3mm x 3m Silver Aluminium Equal Angle is an L-shaped equal angle component manufactured from aluminium with a silver finish. It provides a reliable solution for fabrication and structural support applications and is designed to offer clear, consistent performance. This product is valued by trade professionals for its dependable build and ease of integration into various construction projects.

Features

- L-shaped design offers consistent strength in multiple orientations
- Constructed from lightweight aluminium for ease of handling
- Silver finish enhances appearance and resists surface corrosion
- Robust equal angle structure delivers precise load distribution
- Optimised material thickness supports high load capacity
- Precision fabrication ensures accurate dimensions and alignment
- Durable aluminium construction withstands frequent handling
- Trusted Metal Mate design provides consistent technical performance

Product Code: 6508

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	3
Product Height (mm)	50
Product Width (mm)	50
Product Length (mm)	3000
