

Description

Metal Mate 30 x 30 x 1.5mm x 3m Aluminium Angle is engineered for versatile configuration in fabrication and assembly installations. This L-shaped, silver equal angle is manufactured from quality aluminium and offers dependable performance for structural supports, framing, and custom projects in trade applications. Its precise dimensions and solid construction ensure ease of installation and accurate alignment, making it a practical solution for professionals requiring reliable and efficient components in their assembly tasks.

Features

- Constructed from robust aluminium for reliable performance
- L-shaped design offers balanced strength and alignment
- Equal angles deliver consistent load distribution
- Dimensions 30 x 30 x 1.5 mm ensure precise configuration
- Length of 3 metres provides extended application versatility
- Polished silver finish offers a refined modern appearance
- Honed design improves load distribution and secure fastening
- Engineered for accurate, repeatable assembly and fabrication

Product Code: 6509

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.5

Product Height (mm) 30

Product Width (mm) 30

Product Length (mm) 3000
