

Description

Metal Mate 50 x 50 x 1.6mm x 3m Aluminium Equal Angle is a precision engineered L-shaped component crafted from aluminium and finished in silver. It is intended for use in structural reinforcement and framing applications, providing accurate alignment and reliable support. Trade professionals benefit from its consistent dimensions and robust construction, which facilitate efficient assembly and secure connections for various bespoke fabrication and construction projects.

Features

- L shaped equal angle crafted from premium aluminium
- 50 x 50 profile ensures stable, precise angles
- 1.6mm wall thickness delivers dependable structural support
- 3m length accommodates versatile fabrication requirements
- Robust aluminium construction provides enduring load capacity
- Silver finish offers clear, professional appearance
- Engineered for accurate assembly and precise alignment
- Trusted Metal Mate product delivering dependable technical results

Product Code: 6512

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped
