

Description

Metal Mate 16 x 16 x 3mm x 3m Aluminium Equal Angle is made from aluminium and features a silver L-shaped design. It is engineered for precise framing and structural support in metal fabrication and joinery tasks. Its even dimensions and robust construction offer reliable stability and uniformity, providing clear technical advantages for trade professionals who require consistent and accurate results in their assembly applications.

Features

- Precision cut L shaped profile for accurate structural alignment
- Robust aluminium construction offers reliable strength and longevity
- Uniform silver finish enhances appearance and ease of maintenance
- Equal angle design offers flexibility for diverse load requirements
- Long 3 metre length minimises joints for smoother installations
- Engineered with precise dimensions for consistent performance
- Corrosion resistant aluminium ensures enduring performance over time
- Metal Mate quality guarantees reliability and technical consistency

Product Code: 6513

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	3
Product Height (mm)	16
Product Width (mm)	16
Product Length (mm)	3000
