

Description

Metal Mate 12 x 12 x 1.4mm x 3m White Aluminium Equal Angle is an L-shaped aluminium profile engineered for precise alignment and robust support. It offers accurate dimensions with a light colour finish that facilitates clear visibility during fabrication and assembly tasks. The product is designed for ease of installation and dependable performance, providing professionals in trade and construction sectors a reliable choice for secure and efficient structural applications.

Features

- Precision-engineered L-shaped form offers reliable structural support
- Durable aluminium construction ensures long-term performance
- Robust equal angles design supports various assembly applications
- White finish enhances visibility during metalwork
- Precise 12 x 12 section provides consistent framework integration
- Thin 1.4mm wall maintains strength without excess weight
- 3 metre length offers extended coverage and reduced joints
- Metal Mate reliability paired with straightforward design benefits users

Product Code: 6550

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour White

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 12

Product Width (mm) 12

Product Length (mm) 3000
