

Description

Metal Mate 20 x 20 x 1.5mm x 3m Black Aluminium Equal Angle is a precisely engineered, L-shaped equal angle designed to provide consistent framing and support for various construction applications. Its high-quality aluminium construction facilitates secure fixed assemblies and accurate alignments, making it a practical component for professionals seeking reliable and straightforward structural solutions. The product's defined dimensions contribute to dependable performance in fabrication and assembly projects.

Features

- Manufactured using high-quality aluminium for robust performance
- Precision L shaped design provides stable right angle building components
- Dark black finish ensures clarity in design and appearance
- 20 x 20 mm dimensions suit diverse structural applications
- 1.5 mm wall thickness offers improved strength and durability
- 3 metre length enables wide coverage for design versatility
- Modern design supports integration in many construction projects
- Trusted Metal Mate product ensures premium quality and reliability

Product Code: 6553

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.5

Product Height (mm) 20

Product Width (mm) 20

Product Length (mm) 3000
