

## Description

Metal Mate 25 x 25 x 1.4mm x 3m White Aluminium Equal Angle is a precisely manufactured L-shaped element crafted from high-grade aluminium with a white finish. It offers reliable performance for construction and fabrication tasks where consistent and standard dimensions are essential. The product provides robust support and facilitates straightforward integration into various assemblies, making it a practical solution for trade professionals seeking dependable and versatile aluminium components in their projects.

## Features

- Robust white aluminium construction in a compact L shaped profile
- Precision cut dimensions of 25 x 25mm with 1.4mm thickness
- Three metre length suited for various applications
- Aluminium structure ensures stable load bearing performance
- Engineered for accurate alignment in assembly
- Uniform finish supports easy visual inspection
- Reliable Metal Mate quality built for everyday tasks
- White coating resists surface blemishes and handling marks

**Product Code: 6554**

### General

Product Type Equal Angles

### Appearance

Product Shape L-Shaped

Product Colour White

### Construction

Product Material 1 Aluminium

### Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 25

Product Width (mm) 25

Product Length (mm) 3000
