

Description

Metal Mate 30 x 30 x 1.5mm x 3m White Aluminium Angle is a robust L-shaped equal angle designed for precision fitting and support in construction and trade applications. Its white aluminium composition offers a balance of durability and manageable weight while providing reliable alignment and load-bearing capacity. Engineered for technical setups, this product enhances overall structural integrity and ease of installation for professionals engaged in various assembly and framework projects.

Features

- Precise 30 x 30 x 1.5mm profile for reliable support
- Distinct white surface for improved quality checks
- L-shaped design offers versatile jointing capability
- Lightweight aluminium ensures easy handling and transport
- Engineered for precise, stable connections in various constructions
- Robust material resists wear during demanding practical operations
- 3 metre length suited for large scale assembly projects
- Metal Mate quality ensures dependable performance with every component

Product Code: 6556

General

Product Type Equal Angles
