

Description

Metal Mate 30 x 30 x 1.5mm x 3m Black Aluminium Angle is a precisely engineered equal angle designed for accuracy in numerous applications for trade professionals. The L-shaped aluminium profile offers reliable structural support for framing, brackets and customised assemblies. Its black finish maintains a neat and professional appearance while the durable construction delivers consistent performance and enhanced ease of assembly on various bespoke projects.

Features

- L-shaped equal angles with uniform 30x30 mm dimensions
- Constructed in robust black aluminium for reliable durability
- 1.5mm thickness ensures secure joint performance
- Three metre length supports versatile application designs
- Precision machining delivers accurate 90 degree angles
- Lightweight profile simplifies handling and installation tasks
- Robust aluminium design withstands challenging operational conditions
- Metal Mate quality ensures dependable and precise engineering

Product Code: 6557

General

Product Type                      Equal Angles

Appearance

Product Shape                    L-Shaped

Product Colour                  Black

Construction

Product Material 1              Aluminium

Dimensions

Product Thickness (mm)                      1.5

Product Height (mm)                              30

Product Width (mm)                              30

Product Length (mm)                            3000
