

Description

Metal Mate 40 x 40 x 1.4mm x 3m Black Aluminium Equal Angle is a precision-engineered L-shaped equal angle made from aluminium. It offers clear structural benefits for framing, mounting, and support applications. Its robust construction and consistent dimensions provide confidence for trade professionals working on projects requiring reliable and accurate components for assembly and reinforcement. The piece is functional, providing technical advantages in a range of precise applications.

Features

- Fabricated from durable aluminium for long-lasting performance
- L shaped equal angle supports secure structural connections
- Black finish offers clean and professional aesthetics
- Precision engineered for reliable framing solutions
- Standard dimensions ensure ease of integration
- Uniform design facilitates straightforward alignment in assemblies
- Available in 3m lengths for diverse project requirements
- Engineered with consistent tolerances for quality fabrication

Product Code: 6558

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 40

Product Width (mm) 40

Product Length (mm) 3000
