

Description

Metal Mate 50 x 50 x 3mm x 3m White Aluminium Equal Angle is a robust component designed for precision support structures and framework assemblies. Its L-shaped profile offers consistent load distribution and reliable alignment for various construction and maintenance applications. Constructed from aluminium with a white finish, it provides durability and a lightweight solution that meets the needs of trade professionals focused on efficiency and practical design in their projects.

Features

- Constructed from durable aluminium for strength and light weight
- L shaped design offers predictable performance for various applications
- Precisely manufactured equal angle profile ensures consistent fit
- White finish adds aesthetic clarity and practical simplicity
- Reliable dimensions: 50 x 50 x 3mm offer precise measurements
- Standard 3m length facilitates practical handling and transport
- Crafted for ease of integration in various construction projects
- Engineered for precise assembly across numerous technical applications

Product Code: 6565

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour White

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	3
Product Height (mm)	50
Product Width (mm)	50
Product Length (mm)	3000
