Metal Mate 20 x 20 x 3mm x 2.4m Aluminium Equal Angle

Description

Metal Mate 20 x 20 x 3mm x 2.4m Aluminium Equal Angle is a robust structural component designed for precision construction and fabrication projects. Its L-shaped design offers reliable support in various applications while providing ease of installation and accurate assembly. The silver aluminium build ensures optimised strength and lightweight handling, making it a practical choice for trade professionals who require dependable and exactly dimensioned material for their design implementations.

Features

- L-shaped profile offers versatile structural support
- Precision aluminium construction enhances product reliability
- Silver finish provides a clean, modern appearance
- Equal angle design enables flexible assembly and alignment
- Standard 20 x 20 x 3mm dimensions with 2.4m span
- Engineered profile supports precise load distribution in structures
- Lightweight aluminium facilitates efficient handling and installation
- Consistent quality yields uniform performance in every application

Product Code: 6653
