

Description

Metal Mate 25 x 25 x 1.4mm x 2.4m Aluminium Equal Angle is a robust L-shaped equal angle, manufactured from high-grade aluminium with a silver finish. It is designed for precise alignment and efficient load distribution in structural frameworks where performance is critical. Its reliable construction makes it a practical choice for trade professionals involved in building, joining and fabricating components in complex layouts, ensuring consistent and secure assemblies.

Features

- L-shaped design offers versatile mounting solutions
- Durable silver finish resists corrosion and wear
- Even equal angles provide robust support structure
- Precision engineered dimensions for accurate installations
- Simple yet effective design for practical applications
- Manufactured using premium aluminium for consistent performance
- Reliable geometry ensures secure fittings in construction assemblies
- Easy integration with standard fittings and accessories

Product Code: 6654

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 25

Product Width (mm) 25

Product Length (mm) 2400
