

Description

Metal Mate 40 x 40 x 1.4mm x 2.4m Aluminium Equal Angle is a robust, silver L-shaped profile engineered from high-quality aluminium for precise framing and support in various technical applications. It provides a reliable guide for trade professionals managing structural assemblies and equipment mounting. The design facilitates straightforward construction and maintenance, offering clear technical advantages and consistency in performance across a range of practical operational tasks.

Features

- Constructed from high-quality aluminium for robust strength
- L-shaped design for reliable right angle connections
- Silver finish providing clean and polished appearance
- Precisely engineered dimensions for accurate fitting in projects
- Consistent fabrication process ensures repeatable and dependable performance
- 40 x 40 mm profile suits compact construction applications
- 1.4mm wall thickness ensures enduring strength during strenuous tasks
- 2.4m lengths provide flexibility for varied project requirements

Product Code: 6658

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 40

Product Width (mm) 40

Product Length (mm) 2400
