

Description

Metal Mate 50 x 50 x 3mm x 2.4m Aluminium Equal Angle is a precision aluminium profile designed for fabrication and construction assembly tasks. Its L-shaped design ensures secure joint formations and uniform load distribution in framing applications. The silver finish and consistent dimensions support accurate and efficient installations for trade professionals. Built from robust aluminium, it offers reliable performance and integrates well into various joining and structural projects, providing clear technical advantages for detailed work.

Features

- Durable aluminium equal angle with robust L shaped design
- Silver finish improves visibility in busy workspaces
- Reliable 50 by 50 profile dimension for versatile applications
- Compact 3mm thickness optimises load bearing performance
- Reliable 2.4m length suits extended span constructions
- Built from aluminium increases resistance to corrosion and wear
- Manufactured for consistent accuracy and precise dimensions
- Engineered for strong structural performance in numerous configurations

Product Code: 6665

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	3
Product Height (mm)	50
Product Width (mm)	50
Product Length (mm)	2400
