

Metal Mate 12 x 12 x 1.4mm x 1m Aluminium Equal Angle

METAL DIMENSIONS

Description

Metal Mate 12 x 12 x 1.4mm x 1m Aluminium Equal Angle is a precisely engineered L-shaped aluminium profile designed for accurate framing and structural support. Its well-defined dimensions and robust construction offer reliable performance in various trades and technical projects. The equal angle facilitates consistent load distribution and ease of assembly, providing industrial and trade professionals with an effective solution for tasks requiring dependable metalwork components.

Features

- Constructed from aluminium for reliable performance
- L shaped equal angles provide robust support
- Silver finish adds a modern, clean look
- Engineered 12 x 12 profile with 1.4mm thickness
- Delivers structural support with proven durability
- Simple installation minimises time during assembly
- Built for precision with quality aluminium fabrication
- Designed for accuracy and dependable performance

Product Code: 6750

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.4
Product Height (mm)	12
