

Metal Mate 20 x 20 x 1.5mm x 1m Aluminium Equal Angle

METAL DIMENSIONS

Description

Metal Mate 20 x 20 x 1.5mm x 1m Aluminium Equal Angle is a precisely engineered L-shaped component fabricated from aluminium with a silver finish. It provides consistent strength and dimensional stability for a range of fabrication and assembly projects. This equal angle supports reliable joinery and structural reinforcement, offering practical technical benefits to trade professionals. Its defined measurements and quality construction ensure predictable performance in various fabrication and construction scenarios.

Features

- 20 x 20 profile maintains robust structural stability
- Aluminium construction ensures lightweight yet strong performance
- Precision cut L shape guarantees accurate fitting and alignment
- Metal Mate quality offers dependable durability and finish
- Silver finish presents a clean and professional appearance
- 1m length facilitates versatile application across various projects
- 1.5mm thickness provides balanced support and weight efficiency
- Engineered for precise angles and reliable load bearing

Product Code: 6752

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.5
Product Height (mm)	20
Product Width (mm)	20
Product Length (mm)	1000
