## METAL DIMENSIONS

## Description

Metal Mate 30 x 30 x 1.5mm x 1m Silver Aluminium Angle is a precisely engineered L-shaped element constructed from aluminium. It provides robust support and structural integrity in various applications, offering a reliable solution for assembling fixtures and reinforcing frameworks. Its silver finish ensures a neat appearance and its dimensions are suitable for a range of projects demanding stable, technical performance.

## Features

- Fabricated from durable aluminium for reliable performance
- L-shaped design provides robust structural support
- Equal angles ensure uniformity in design and application
- 30 x 30 x 1.5mm dimensions offer predictable fit
- Clean silver finish delivers an attractive professional appearance
- Precision engineered for simple accurate installations
- Consistent quality control guarantees uniform part geometry
- Easy integration with existing metal components for structural applications
