

Description

Metal Mate 12 x 12 x 1.4mm x 1m Black Aluminium Equal Angle is a durable L-shaped profile constructed from aluminium with a consistent black finish. It provides a reliable structural component for framing and reinforcement tasks while supporting precise alignment in construction and manufacturing projects. The equal angle design delivers practical benefits by ensuring stability and ease of assembly, making it a valuable resource for industrial and trade professionals in various technical applications.

Features

- Constructed from durable black aluminium
- L shaped profile for precise right angle support
- Equal angle design provides balanced load distribution
- 12 x 12mm section assures durable support
- 1.4mm wall thickness for reliable load capacity
- 1m length accommodates diverse installation requirements
- Precision machining delivers accurate high quality dimensions
- Metal Mate engineering provides durable and practical construction

Product Code: 6766

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 12

Product Width (mm) 12

Product Length (mm) 1000
