

Metal Mate 30 x 30 x 1.5mm x 1m White Aluminium Equal Angle

METAL DIMENSIONS

Description

Metal Mate 30 x 30 x 1.5mm x 1m White Aluminium Equal Angle is a precision-engineered component made from high-quality aluminium with a clean white finish. It features an L-shaped design that provides stability and ease of assembly, making it a valuable solution for framing and supporting structures in various trade applications. Its consistent dimensions and robust construction offer reliability and technical efficiency for professionals seeking performance and durability in design projects.

Features

- Precision engineered L shaped equal angle supports reliable metal fabrication
- White powder coated finish for enhanced appearance and protection
- Aluminium construction offers lightweight durability and efficient thermal conduction
- Uniform 30 x 30 profile facilitates compatibility with diverse assemblies
- 1 metre length simplifies alignment in standard build projects
- Simple design promotes straightforward integration in metal frameworks
- Reliable equal angle geometry improves joint strength and stability
- Robust structure engineered for repeatable performance during assembly tasks

Product Code: 6771

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour White

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.5
Product Height (mm)	30
Product Width (mm)	30
Product Length (mm)	1000
