

Description

Metal Mate 40 x 40 x 3mm x 1m White Aluminium Equal Angle is engineered for precision support and alignment in various trade projects. Constructed from high-grade aluminium, this L-shaped equal angle provides stability and consistent strength for structural applications. It offers practical benefits in creating secure framing and reliable configurations, ensuring optimal performance for professionals requiring dependable, technically robust elements.

Features

- Durable white aluminium construction built for strength and reliability
- Precise equal angle design supports accurate fabrications
- L-shaped design offers stable secure connections
- Clean white finish suits professional engineering projects
- Metal Mate quality guarantees dependable performance and durability
- Consistent dimensions allow precise fitting in custom frameworks
- Aluminium construction ensures lightweight handling and ease
- Uniform profile facilitates quick integration into projects

Product Code: 6776

General

Product Type	Equal Angles
Appearance	
Product Shape	L-Shaped
Product Colour	White

Construction

Product Material 1	Aluminium
--------------------	-----------

Dimensions

Product Thickness (mm)	3
Product Height (mm)	40
Product Width (mm)	40
Product Length (mm)	1000
