

Description

Metal Mate 50 x 50 x 1.6mm x 1m Black Aluminium Equal Angle is a robust and precisely engineered L-shaped component crafted from durable aluminium with a sleek black finish. It provides dependable support and accurate alignment for various structural applications, assisting trade and industrial professionals in assembling efficient frameworks. Its design facilitates straightforward installation and offers reliable performance in technical projects where precise angles and consistent strength are essential.

Features

- Manufactured using durable aluminium for long lasting performance
- L shaped design ensures strong support and stability
- Precision engineered equal angles for accurate construction results
- Uniform black finish provides clean professional appearance
- Consistent dimension tolerances guarantee proper fit every time
- Engineered for precise assembly in diverse applications
- Reinforced construction supports demanding project requirements
- Crafted by Metal Mate for dependable quality

Product Code: 6777

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.6

Product Height (mm) 50

Product Width (mm) 50

Product Length (mm) 1000
