

Metal Mate 50 x 50 x 1.6mm x 1m Aluminium Equal Angle

METAL DIMENSIONS

Description

Metal Mate 50 x 50 x 1.6mm x 1m Aluminium Equal Angle is a precision-engineered L-shaped component crafted from aluminium and finished in silver. It provides clear dimensional accuracy and strength for framing, support, and various structural applications. Trade professionals benefit from its robust construction and clearly defined technical specifications, ensuring ease of integration into projects that require precise assembly and effective performance. Its design offers a practical, reliable solution for accurate manual and machine fabrication tasks.

Features

- Engineered equal angle design assures uniform load distribution
- L-shaped configuration facilitates accurate joint assembly
- Formed from aluminium for long-lasting lightweight strength
- Robust 1.6mm thickness enhances structural integrity
- Precise 50 by 50 dimensions ensure a compact design
- 1m length delivers versatility for various applications
- Silver aluminium product combines aesthetics with engineered performance
- Metal Mate quality assures dependable results in every project

Product Code: 6783

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.6
Product Height (mm)	50
Product Width (mm)	50
Product Length (mm)	1000
