

Description

Metal Mate End Cap Connect-It Joiner is a reliable component designed for precision assembly and secure connections in a range of fabrication and trade applications. Its square design and robust aluminium build guarantee consistent quality and seamless integration. The black finish offers a professional aesthetic while ensuring durability, making it a practical solution for technical setups and assembly tasks valued by quality-driven professionals.

Features

- Strong aluminium build delivers robust joiner integrity
- Square profile guarantees precise alignment in assemblies
- Clean black finish offers professional understated appearance
- Engineered joiner provides secure end cap connection
- Metal Mate quality assures reliable performance over time
- Simple design facilitates quick installation and maintenance
- Precision manufacture ensures consistent dimensional accuracy
- Joiners optimise efficient connections for end cap applications

Product Code: 70005

General

Product Type Joiners

Appearance

Product Shape Square

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 23.5

Product Height (mm) 14.6

Product Width (mm) 25

Product Length (mm) 25
