

Description

Metal Mate 4 Way Connect-It Corner Joiner is a square aluminium joiner in a black finish designed to connect structural elements and components with precision. It offers a reliable solution for joining frameworks and panels, enabling easy assembly with secure alignment. Its robust construction ensures consistent performance and flexibility, providing practical benefits to trade professionals aiming for efficient and accurate component integration in various construction projects.

Features

- Sturdy aluminium construction for long-lasting performance
- Square design ensures precise alignment for effective corners
- Simple joiner design supports efficient and robust connections
- Precision engineering delivers secure joiner engagement
- Matte black finish enhances clarity and clean aesthetics
- Easy installation reduces setup time and labour
- Ideal for diverse construction and joinery applications
- Compatible with Metal Mate 4 Way Connect-It system

Product Code: 70010

General

Product Type	Joiners
