

Description

Metal Mate 5 Way Connect-It Joiner combines a durable aluminium build with a precise square design and a clean black finish. It is designed to offer reliable connections and consistent alignment for structural joining tasks. Its practical design ensures straightforward installation and dependable performance, providing significant value to trade professionals managing precise assembly projects. The joiner facilitates multiple connection configurations that promote efficient construction workflows.

Features

- Engineered aluminium joiner for reliable structural connection
- Square design offers consistent alignment in assemblies
- Five way connectivity expands application flexibility
- High quality black finish provides a sleek aesthetic
- Precision engineering ensures accurate joint performance
- Robust aluminium construction offers long lasting durability
- Designed for efficient installation and secure connections
- Straightforward assembly reduces setup time and hassle

Product Code: 70011

General

Product Type	Joiners
Appearance	
Product Shape	Square
Product Colour	Black

Construction

Product Material 1	Aluminium
