

Description

Metal Mate 20 x 20 x 1.5mm x 2.4m Aluminium Tee Section. Manufactured with precision from silver aluminium, this T Section provides a standard component for framework and support configurations. It meets the needs of trade professionals requiring consistent dimensions and reliable performance for assembly and structural applications. The product's measured attributes facilitate straightforward integration with other elements, ensuring efficient and accurate construction outcomes.

Features

- Made of lightweight aluminium ensuring structural integrity
- T section design provides stable practical support
- Silver finish offers clean modern appearance
- Precision dimensions ensure reliable connectivity
- Suitable for custom frameworks and robust structures
- Engineered for ease of handling and assembly
- Optimised dimensions 20 x 20 x 1.5mm by 2.4m
- Crafted by Metal Mate for assurance and consistency

Product Code: 7050
