

Description

Metal Mate 20 x 20 x 1.5mm x 1m Aluminium Tee Section is crafted from quality aluminium to form a precise T section ideal for framework assembly and repair applications. It provides a stable, reliable solution for creating secure joints and achieving accurate alignments in modular configurations. The silver finish contributes to a uniform appearance while its robust construction meets the needs of trade professionals requiring dependable, technically sound components.

Features

- Precision-engineered T section profile for secure assemblies
- High-quality aluminium construction ensures durable, reliable performance
- Consistent 20 x 20 mm cross-section for accurate alignment
- Uniform 1.5 mm wall thickness provides stable support
- Silver finish offers a clean, corrosion-resistant appearance
- 1 metre length facilitates versatile application options
- Engineered for easy integration with existing systems
- Efficient T section design simplifies precise installations

Product Code: 7250

General

Product Type	Tee Sections
Appearance	
Product Shape	T Section
Product Colour	Silver

Construction

Product Material 1	Aluminium
--------------------	-----------

Dimensions

Product Thickness (mm)	1.5
Product Height (mm)	20
Product Width (mm)	20
Product Length (mm)	1000
