

Description

Metal Mate 16 x 16 x 1.5mm x 3m Aluminium Channel is a precision-manufactured U channel made from aluminium with a silver finish. It is designed to support accurate alignment and robust structural applications in various assembly processes. The channel offers dependable performance and clear technical benefits, providing trade professionals with a straightforward, efficient solution for reliable fabrication and installation. Its consistent quality and precise dimensions streamline integration into a range of professional projects.

Features

- Durable aluminium construction for long-lasting performance
- U shaped design for versatile mounting and installation
- Stable silver finish enhances visual identification on site
- Engineered dimensions ensure precise alignment during assembly
- Lightweight design simplifies handling and transportation
- Corrosion resistant finish maintains surface quality
- Uniform dimensions support standardised project specifications
- Reliable performance aligned with practical user requirements

Product Code: 7502

General

Product Type	Channels
Appearance	
Product Shape	U Channel
Product Colour	Silver

Construction

Product Material 1	Aluminium
