

Description

Metal Mate 25 x 25 x 1.6mm x 3 Aluminium Channel is a U-shaped channel produced from aluminium in a silver finish. Its precise dimensions and robust construction provide dependable support for a range of structural applications. The channel accommodates secure mounting and facilitates integration with other components, delivering practical benefits for industrial and trade professionals in projects requiring consistent quality and technical reliability.

Features

- Robust aluminium construction delivers strength and lightweight performance
- U Channel shape facilitates accurate alignment and secure installation
- Silver finish enhances corrosion resistance with a sleek look
- Precision machining ensures uniform dimensions and secure fit
- High quality design integrates easily with existing hardware systems
- Adaptable design suits varied mounting configurations and space constraints
- Steady performance ensures dependable operation in all conditions
- Engineered design reduces installation time and maintenance
