

Description

Metal Mate 16 x 16 x 1.5mm x 3m Black Aluminium Channel is a robust U channel product engineered for practical assembly and maintenance. It is crafted from aluminium with a uniform black finish, offering reliable support and precise alignment in technical installations. The product facilitates secure connections and efficient integration into systems, thereby enhancing overall performance and durability in engineering projects for trade professionals.

Features

- Durable black aluminium finish for extended service life
- U shape profile delivers practical edge support
- Designed for easy integration into diverse assemblies
- Precisely machined for accurate measurements and alignment
- Consistent performance in both visible and hidden applications
- Robust aluminium construction facilitates efficient weight management
- Compact 16 x 16 cross section enhances structural stability
- Standard 3 metre length meets varied installation needs

Product Code: 7511

General

Product Type Channels

Appearance

Product Shape U Channel
