

Description

Metal Mate 25 x 25 x 1.6mm x 1m Aluminium Channel is a u channel component engineered for precise framework and assembly tasks. Crafted from high-quality aluminium with a silver finish, it offers accurate alignment and dependable strength. Its design simplifies component integration and structural support, making it an efficient solution for professionals who require practical and reliable building elements in various trade applications.

Features

- U Channel shape designed for easy alignment
- Silver aluminium finish enhances appearance and durability
- Precision 25 x 25 mm profile for reliable construction
- 1.6mm wall thickness offers robust load capacity
- 1 metre long channel ideal for versatile applications
- Lightweight design simplifies handling and installation
- Crafted by Metal Mate with quality production
- Engineered for clear, precise alignment of assemblies

Product Code: 7513

General

Product Type	Channels
Appearance	
Product Shape	U Channel
Product Colour	Silver

Construction

Product Material 1	Aluminium
