

Description

Metal Mate 25 x 25 x 3mm x 1m Aluminium Channel is a versatile U channel crafted from silver aluminium, designed for precise assembly and structural support tasks. Its consistent dimensions facilitate accurate alignment and effective load distribution, making it a practical choice for trade and industrial professionals. The channel is engineered for robust performance in various fabrication projects, ensuring efficiency and reliability for users who require dependable components in their construction and installation processes.

Features

- U shape design ensures precise alignment in mounting applications
- Accurate dimensions 25 x 25mm and 3mm thickness
- 1 metre length accommodates various design and support requirements
- Durable aluminium construction provides a lightweight yet sturdy solution
- Silver finish enhances aesthetics and resists surface corrosion
- Precision fabrication delivers accurate dimensions and reliable performance
- Engineered for ease of installation and dependable performance
- Metal Mate quality ensures long lasting structural integrity

Product Code: 7514
