Metal Mate 16 x 12 x 1.6mm x 1m Aluminium Section Channel

Description

Metal Mate 16 x 12 x 1.6mm x 1m Aluminium Section Channel is a U channel crafted in silver aluminium for use in precise technical applications. Its design provides consistent dimensions and a robust structural profile, making it useful for creating reliable frameworks and supporting constructions. Trade professionals appreciate its lightweight yet durable build, which facilitates precise assembly and economic management of material resources in custom designs and project applications.

Features

- High precision U channel for structural framing application
- Manufactured from durable aluminium for extended service life
- Consistent dimensions in 16 x 12 x 1.6mm profile
- Silver finish delivers clean and professional appearance
- Engineered for precise assembly and accurate alignment
- Uniform quality ensuring reliable performance in technical applications
- Lightweight design simplifies handling and installation
- Standard one metre length facilitates efficient material planning
