Metal Mate 10 x 10 x 1.5mm x 1m Black Aluminium Channel

Description

Metal Mate 10 x 10 x 1.5mm x 1m Black Aluminium Channel is a durable U channel constructed from aluminium with a black finish, optimised for precise alignment and reliable support in fabrication projects. It is designed for practical applications, offering consistent dimensions and ease of installation for trade professionals. The channel facilitates secure component integration and is ideally suited for structural applications, delivering dependable performance and efficiency in industrial settings.

Features

- U-shaped channel design for secure fixing
- Lightweight aluminium construction offers durability and ease of installation
- Robust engineering meets high standards of performance
- Black finish provides a professional and clean appearance
- Precise dimensions ensure a reliable fit in assemblies
- Versatile U channel suitable for metal framing applications
- Engineered design for streamlined integration with various systems
- Standard lengths simplify planning for projects and layouts
