

Description

Metal Mate 25.4 x 25.4 x 1.57mm x 3m Silver Aluminium Fluted Angle is designed for precise structural applications, offering reliable strength through its aluminium build and fluted design. This L-Shaped component facilitates accurate alignment and robust fixing for a variety of construction and assembly tasks. Its consistent quality supports effective performance and durability in professional settings, providing industrial and trade professionals with a dependable and technically advanced solution.

Features

- Precision extruded aluminium construction for reliable durability
- Fluted surface enhances grip during handling and installation
- L-shaped profile yields optimal strength in angular applications
- Uniform silver finish offers a neat, professional look
- Dimensioned at 25.4 x 25.4 x 1.57mm for precise fitting
- Available in three metre lengths for extended structural support
- Engineered details meet trade professionals practical project needs
- Metal Mate assurance guarantees consistent performance and reliable construction

Product Code: 8501

General

Product Type Fluted Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.57

Product Height (mm) 25.4

Product Width (mm) 25.4

Product Length (mm) 3000
