

Description

Metal Mate 20 x 20 x 1.5mm x 3m Bronze Aluminium Angle is a robust L-shaped equal angle fabricated from high-quality aluminium with a silver appearance. Its precise dimensions support accurate alignment and secure component fixing in various construction and fabrication projects. The engineered design offers dependable reinforcement and ease of installation, providing valuable efficiency and performance for trade professionals engaged in diverse assembly and repair tasks.

Features

- Premium silver aluminium with robust equal angle design
- L-shaped profile for versatile structural applications
- Engineered for accurate equal length and flange dimensions
- Stable consistent geometry enhances assembly precision
- Easy integration into frameworks and supportive structures
- Durable aluminium resists corrosion and wears over time
- Standard dimensions facilitate planning and material optimisation
- Engineered finish offers clean practical aesthetic appeal

Product Code: 8509

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.5

Product Height (mm) 20

Product Width (mm) 20

Product Length (mm) 3000
