

Description

Metal Mate 25.4 x 25.4 x 1.5mm x 3m Aluminium Bronze Fluted Angle is a robust L-shaped fluted angle crafted from aluminium, offering reliable performance in construction and technical applications. It is designed to enhance structural integrity with precise load distribution and improved stability. Its clean silver finish and accurate dimensional tolerances facilitate seamless integration into custom assemblies and support systems, providing trusted value to trade professionals who require dependable and consistent technical solutions.

Features

- L-shaped design provides robust joint support
- Precision dimensions ensure a perfect fit in assemblies
- Aluminium composition yields durability and lightweight handling
- Silver finish offers a modern sleek appearance
- Fluted edges enhance grip and secure component alignment
- Standard 25.4 x 25.4 mm profile ensures uniform contact
- 1.5mm thickness provides strength without excessive weight
- 3 metre lengths allow efficient material handling and storage

Product Code: 8510

General

Product Type Fluted Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.5
Product Height (mm)	25.4
Product Width (mm)	25.4
Product Length (mm)	3000
