

Description

Metal Mate 38.1 x 4mm x 3m Mill Finish Aluminium Fluted Strip is a flat, silver aluminium strip engineered for precision in fabrication and assembly. It features a consistent mill finish and fluted profile that enhance alignment and joining accuracy. The product is designed for application in diverse trade practices, providing dimensional stability and reliable performance for professionals focused on precise structural and decorative applications in customised projects.

Features

- Durable aluminium flat strip with sleek silver finish
- Consistent mill finish ensures uniform texture
- Exact dimensions support precise fitting
- Lightweight aluminium construction aids easy handling
- Engineered flat strip offers uniform surface stability
- Reliable performance with consistent aluminium material quality
- Simple integration with fabrication processes
- Versatile design for diverse trade and technical projects

Product Code: 8516
