

Description

Metal Mate 23.8 x 12 x 1.5mm x 1m Aluminium Gutter Mould is engineered for precise gutter applications. This aluminium product offers a U mould shape and silver finish that ensures durability and ease-of-use for trade professionals. It is designed to support accurate alignment and secure fittings, providing a dependable solution for gutter installation and maintenance tasks. The design optimises performance and streamlines the fitting process in a straightforward manner.

Features

- High-grade aluminium ensures long-lasting durability
- Contoured U shape for secure gutter installation
- Sleek silver finish adds a modern aesthetic
- Precision dimensions optimise installation and fit
- Lightweight design eases handling and installation
- Aluminium construction offers inherent corrosion resistance
- Metal Mate quality ensures reliable performance
- Efficient design supports practical, robust gutter solutions

Product Code: 8752

General

Product Type Gutter Moulds
