

Description

Metal Mate 20 x 20 x 1.5mm x 1m Bronze Aluminium Angle provides a robust, L-shaped equal angle component designed for precise joining applications. It is forged from aluminium and finished in silver, ensuring consistent quality and ease of handling. Trade professionals appreciate its uniform dimensions and practical design for efficient assembly and fabrication tasks, bringing reliability and smooth integration into varied construction and metalwork projects.

Features

- L-shaped design supports precise corner framing
- 20 x 20 cross-section enhances structural stability
- 1.5mm thickness offers reliable rigidity
- 1m length provides versatile application options
- High-quality aluminium construction ensures durability
- Silver finish delivers a clean and modern appearance
- Precise machining ensures uniform dimensions
- Engineered for precision in technical installations

Product Code: 8759

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.5

Product Height (mm) 20

Product Width (mm) 20

Product Length (mm) 1000
