

Description

Metal Mate 25.4 x 25.4 x 1.5mm x 1m Aluminium Bronze Fluted Angle is a precisely engineered L-shaped fluted angle made from aluminium. It offers reliable support for accurate assembly and fabrication applications. The robust design enhances structural stability while the detailed fluting provides secure attachment points. Users benefit from its precise dimensions and consistent silver finish, ensuring predictable performance and efficient integration in various technical projects and metalworking applications.

Features

- Sturdy aluminium build enhances lifespan and consistent performance
- Fluted design improves alignment and assembly accuracy
- L shaped geometry offers versatile mounting and connection options
- Silver finish provides a clean neutral appearance
- Precise dimensions ensure compatibility with common construction frameworks
- Profile measures 25.4 x 25.4 x 1.5mm x 1m
- Engineered for strong support and secure assembly
- Metal Mate quality ensures predictable results in every installation

Product Code: 8760

General

Product Type Fluted Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.57

Product Height (mm) 25.4

Product Width (mm) 25.4

Product Length (mm) 1000
